CONFERENCE PROCEEDINGS

Will be published by Springer in a multi-volume set. Papers will appear in the LNCS and LNAI series, while poster extended abstracts, in the form of short research papers, will be published in the CCIS series. All volumes will be available on-line through the SpringerLink Digital Library, readily accessible by subscribing libraries, and indexed by a number of services, including: CPCI; Scopus; EI Engineering Index; ACM Digital Library; Google Scholar; DBLP, etc.

¹ Submissions will be peer-reviewed by at least two independent referees from the HCII 2027 International Program Boards.

² Poster pitch sessions will be organized. A poster pitch is a brief, focused oral presentation—lasting 2 minutes—where each poster presenter will have the opportunity to highlight the core idea, motivation, and contribution of their work to a broader audience. These will take place during refreshment and lunch breaks, on 28-30 July, to ensure visibility and maximize engagement by the on-site Conference attendees.

³ A distinguished international committee will be the jury.

⁴ Deliver a course at introductory, intermediate, or advanced level regarding one of the Conference topics.
